

BPA Energy Efficiency Weekly Announcement, August 11, 2016

Events

POSTPONED – August 18 BPA Regional Baseline Library Stakeholder Feedback Session -

BPA sent out a “save the date” for August 18th for our upcoming Regional Baseline Library Stakeholder Feedback session. As discussed in the July 27th Momentum Savings monthly update meeting, this meeting is being postponed while we work through some technical issues that came up while preparing for this meeting. Stay tuned for more information and a new meeting date. For questions contact your EER or Bonnie Watson at [bfbatson@bpa.gov](mailto:bfwatson@bpa.gov).

Brown Bag: Join us on Thursday August 25 for the October 2016-17 Implementation Manual Updates -

This presentation will cover the new October 2016-17 annual Implementation Manual updates that will be effective on October 1, 2016. The Brown Bag will provide detail on the forthcoming changes and offer an opportunity for customers to ask questions of BPA’s Programs staff. Please note that the IM will be published to the bpa.gov/ee IM webpage [here](#) on Monday August 22nd...[More](#)

Save the Date: BPA Utility Round Tables -

The recent Efficiency Exchange offered an excellent opportunity to interact in person, but smaller regional gatherings provide a unique chance to discuss more localized issues. To help bolster this effort BPA is organizing a series of regional utility round tables to be conducted in the later summer and early fall in five different Northwest regions. Each meeting will feature informative presentations and provide an open forum for discussions on program development.

Specific agendas and schedules for these round tables are still being finalized: you can expect more details to follow. If you have questions about these meetings or suggestions for content, please contact your Energy Efficiency Representative (EER)....[More](#)

General

October 2016 Implementation Manual (IM) to be published on August 22 -

In the IM update effective April 1, 2016, BPA indicated we would be publishing the next annual IM on August 15. Due to minor delay in finalizing that document we will need to push back the release of the October IM and the associated UES measure list by a week. The October 2016 IM and updated measure list will now be published on August 22.

Reminders

Hot Water Solutions Consumer Media Campaign -

Hot Water Solutions recently launched a consumer media campaign in Idaho, Oregon, Montana and Washington to increase general awareness of and confidence in heat pump water heaters. The campaign runs through September 2016.

We invite you to download our [promotional resources](#) and join us in building consumer awareness of the benefits of enjoying reliable hot water while saving up to 60% on electric water heating costs. You can also use our interactive [heat pump water heater selector tool](#) to help your potential customers find out if a heat pump water heater is right for them....[More](#)
